ANTI-THEFT

Professional thieves and “chop shops” steal for profit and avoid vehicles whose Body Panels or Windows are labelled with TRACEABLE I.D. codes.

Anti-Theft's traceable systems greatly diminish the value of your vehicle to the professional thief.

Anti-Theft Benefits:

- Key Vehicle Body Panels or Windows are marked with a TRACEABLE I.D. Code* working for you 24/7
- **Anti-Theft**'s systems help prevent theft by warning professional thieves that your vehicle is equipped with a traceable identification system on multiple areas of the vehicle.
- Your personalized I.D. code matches you with your vehicle in the **Anti-Theft** computer system, helping police return your vehicle to you if it's recovered after being stolen.

An Unbeatable Product Guarantee!

We're so confident in **Anti-Theft**'s effectiveness if your vehicle is stolen, not recovered within 30 days, or declared a total loss by your insurance provider we'll pay you a specified amount*.
